

HOUSE WARMING

DR. AND MRS. H. R. HARROWER ENTERTAIN IN HONOR OF MISSES OLDS AND WESSELS

Dr. and Mrs. Harrower entertained Thursday evening a small party of friends in honor of Miss Perle Olds and Miss Suzie Wessels, who are expecting to leave soon for the home of the latter in South Africa.

Miss Olds is a nurse, and was for some years on the staff of instructors at the Glendale Sanitarium. A feature of the evening was a poem read by Mrs. Harrower and presented to Miss Olds as a "Letter of Recommendation" in the land to which she goes:

You'll find her, not in gilded hall
Amid the dance's whirl,
Nor dressed up like a painted doll—
The dear, old-fashioned girl—
But she is dressed in nurse's gown,
And carries in her bag,
All rolled up tight, in blanket brown,
A therapeutic rag!

She does not promenade the park,
With young and thoughtless beaux,
And hang around, way after dark,
To go to picture shows;
But if a neighbor has the "flu,"
Or hangs out fever flag,
There you will find her brave and true,
Well armed with a wet-rag!

Sometimes her rag is piping hot,
Sometimes as cold as ice,
Whichever way, it matters not,
It helps them in a trice
The howling pain all quiets down—
Gagged with her magic rag—
The microbes all jump out and down,
Upon her old wet rag!

We recommend her to you, friend,
Whenever you are ill;
She's one on whom you can depend,
You need her magic skill;
Her presence will your health insure—
Go get her and her bag—
She surely will effect a cure
With her—wet—rag!

The poem was gotten up by Mrs. Harrower and her mother, Mrs. J. F. Moser as a token of esteem due to many years acquaintance.

Genial conversation, and music (to which Dr. Harrower and Mr. Alexander Ritchie contributed several duets in which their voices beautifully harmonized), together with refreshments of cake and fruit juice, brought to a close a long-to-be-remembered evening.

The gathering constituted a happy housewarming for the new home of Dr. and Mrs. Harrower, as well as doing honor to the departing friends.

COMMUNITY SING

The attendance on the Community Sing Thursday evening was about double the number that enjoyed it the week before and great enthusiasm marked the assembly. Professor Kirchoffer was in good form and was delighted with the work done by the chorus which he praised highly. A larger number of men were present than usual which improved the balance of the singing. More members enrolled as volunteer contributors to the support of the enterprise and the outlook for securing an adequate permanent fund is encouraging.

MARANVILLE GETTING SETTLED

Having moved into the new home which they recently purchased at 334 Hawthorne street, Mrs. S. C. Maranville was taken ill and they have not had much time to enjoy it as yet, but as she is now able to be up they expect to be settled very soon.

Mr. Maranville has been obliged to get into larger quarters because of his constantly increasing business. He has installed a photographic laboratory, in the business section, which is the last word in modern efficiency.

TALK ON ORCHESTRAL WORK

An interesting variation of the customary program was provided at the Wednesday afternoon assembly at the Intermediate School by the supervisor of music, Miss Elsa Brenne-man, who gave an illustrated talk on orchestral work instead of the customary musical drill. She explained the arrangement of the different parts and how the players were seated and then illustrated each set of instruments with phonographic records, first taking up the stringed instruments, following with the wood wind instruments, the brass instruments and finally the bell. The children were delighted with her exposition and she plans to emphasize the points made in the coming class work. On account of the interruption in school work there has been no attempt made to organize a school orchestra this year.

TRUSTEE'S MEETING

CITY ATTORNEY SUBMITS REPORT OF TRIP NORTH IN TELEPHONE CASE

The Board assembled at 8:10 p. m. Jan. 30, 1919. Members present at roll call were Trustees Henry, Muhleman, Shaw, Woodberry; absent Jackson. The minutes of the last regular meeting were read and approved.

A communication was read from the City Manager in reference to budget transfers and was referred to the Finance Committee.

A communication was read from P. E. Maxwell accompanied by a tax bill, draft and money order to clear up the claim of the City of Glendale against the writer's property for taxes. The writer requested that the Board cancel the tax levied on an automobile in his possession at the time the assessment was made, claiming that the same was not his property. The total amount inclosed being insufficient to cover the amount of taxes levied against his property by the City, the same had been refused by the Tax Collector, and on motion of Trustee Henry, the action of the Tax Collector was sustained and the request for cancellation of tax on the automobile was denied.

The report of the Health Officer for the week ending on this date was presented and read showing that the total number cases of influenza reported for the week was seventeen, of which only one was reported on this date. The report was filed.

The report of the Tax Collector for the week ending January 30, 1919, was received showing collections since the last report amounting to \$200.10, the total to date being \$56,569.64. The report was filed.

The report of the Public Service Department for the month of January was received and referred to the Finance Committee.

Trustee Muhleman offered a Resolution which was adopted setting aside and rescinding the contract between the City of Glendale and Tom Shima for garbage collection.

The City Manager presented a contract prepared for execution with Carpi Bros. for the collection of garbage, accompanied by bond for One Thousand (\$1000.00) dollars. The contract was referred to the City Attorney who gave his approval of same and on motion of Trustee Muhleman it was ordered that the contract be entered into and signed by the proper officials of the City, to be delivered and effective when the bond accompanying the same is made satisfactory.

The City Manager reported that one hundred (\$100) dollars had been received for a horse belonging to the City, the sale of which had been agreed upon, and upon motion of Trustee Shaw the action of the City Manager in disposing of the horse for the sum of one hundred dollars was approved. A motion of Trustee Shaw, duly seconded, was adopted authorizing the City Manager to sell to the best advantage, a second horse belonging to the City.

The City Manager reported that he had been informed by Mr. LeGrand, agent of the Pac. Elec. Ry. Co. in Glendale that it is the intention of the company to discontinue the keeping open of the depot waiting room at the corner of Brand boulevard and Broadway on Sundays and holidays; but that the same may be kept open for the accommodation of the public if the City of Glendale will assume the expense. On motion of Trustee Henry, duly seconded and carried, it was ordered that the keeping open of this station on Sundays and holidays as (Continued on Page 4)

COLUMBUS AVE. P. T. A.

The meeting of the Columbus avenue P. T. A. Thursday afternoon was largely attended and enthusiastic. Not only were regular members there but twenty-four new ones were received into membership.

The speaker of the afternoon was Mrs. M. E. Johnson, of Los Angeles, who has been prominent in the "Big Sister" movement. Her theme was "Those Who Have Fallen by the Wayside," and it had to do with the School for Delinquent Girls at Ventura, which is in the limelight just now on account of the investigations into its management which are being made. Mrs. Johnson has attended all the hearings of charges both at Ventura and Los Angeles and is convinced that the school has not been conducted along the lines originally contemplated nor as it should be conducted. Her first hand report of a situation in which all were interested, was followed with close attention and the association appointed a delegate to attend the final hearing in Los Angeles today, Friday, and also voted to address a communication to the Governor in regard to the institution recommending reforms in its administration.

DEATH OF NAT GOODWIN

FAMOUS ACTOR EXPIRES IN NEW YORK AT AGE OF 61, HIS FIRST STAGE APPEARANCE BEING IN 1873

(Special Service to Glendale Evening News)

New York, Jan. 31.—Nat C. Goodwin, the famous actor, died early today at his apartments in a New York hotel, after an illness of but a few days from a complication of diseases. Physicians said a general break-down, resulting from the removal of his right eye a year ago, was the contributing cause of his death. Miss Georgia Gardner, who soon was to become Goodwin's sixth wife, was at his bedside when he died.

Goodwin was 61 years old. He made his first appearance on the stage, with Stuart Robson in Boston in 1873, playing in "The Law in New York." Later he took up various comedy roles and finally played Shakespearean parts with success. Goodwin's home was in Ocean Park, California, but he spent most of his time in New York.

UNIVERSAL MILITARY TRAINING

BILL TO PROVIDE IT INTRODUCED IN SENATE BY NEW OF ILLINOIS WITH SPEECH AGAINST BIG STANDING ARMY

(Special Service to Glendale Evening News)

Washington, Jan. 31.—Senator New of Illinois today introduced a universal military training bill into the Senate. It provides that men over 18 years of age will be subject to call for one year's military training to be given in a continuous twelve-months period. After receiving this training the men are to be enrolled in a national reserve and will be subject to call in case of war, the youngest men to be called first.

The bill provides that the training shall be given preferably in the nineteenth year. Exception may be granted for dependency, but exempted men will be required to register annually for training until they reach the age of 26.

The bill empowers the President to divide the country into training zones, create boards to handle registration and provide means of classification.

In a speech supporting the measure Senator New declared the people will not tolerate militarism and that Baker's proposal for a standing army of half a million men is too militaristic. He declared that universal training is the only guarantee against the maintenance of a regular army larger than the country needs or is willing to support.

THE BRITISH LABOR SYSTEM

OVERTHROW THREATENED BY "SHOP STEWARD" SYSTEM SIMILAR TO RUSSIAN SOVIET

(Special Service to Glendale Evening News)

London, Jan. 31.—Dr. Marion H. Phillips, leader and official of the Labor party, declared in an interview today that the Bolshevik element in the British labor forces may overthrow the present labor system in England.

He declared that the "shop steward" system, similar to the Russian soviet, is beginning to dominate labor in England.

NEW PLAN FOR SOLDIER INSURANCE

PROVISION FOR CONVERSION INTO ONE OF SIX FORMS OF POLICY COVERING ORDINARY LIFE AND ENDOWMENT

(Special Service to Glendale Evening News)

Washington, Jan. 31.—It was officially announced today that the new government insurance policies which will replace soldiers' insurance will contain a provision approximating old age pensions. The plan permits soldiers to convert insurance into one of six forms of policy. These policies are: Ordinary life, twenty-payment life, thirty-payment life, twenty-year endowment, thirty-year endowment and "endowment aged 62." Every form of policy provides for an allowance in the event of total disability.

PEACE CONFERENCE ACTION CONDEMNED

LODGE AND JOHNSON PRECIPITATE SENATE DEBATE AND DECLARE OPPOSITION TO GERMAN COLONY PLANS

(Special Service to Glendale Evening News)

Washington, Jan. 31.—Senators Lodge and Johnson today threw the Senate into a debate over the peace conference's action respecting the German colonies.

Senator Lodge condemned any plan involving the United States in participation in the management of African or Pacific Island colonies.

Johnson declared he would not vote for any treaty that included an arrangement to use American troops to police Turkey, Asia or German colonies. Both criticized the peace conference for lack of publicity.

NAVAL PROGRAM INDORSED

(Special Service to Glendale Evening News)

Washington, Jan. 31.—The House naval committee today unanimously indorsed a naval program for the building of ten capital ships and ten cruisers within the next three years.

P. E. EXTENSION

TROPICO DISTRICT PEOPLE INTERESTED IN SYCAMORE ROAD EXTENSION

It is reported that residents of what is known as the Tropico district are considerably interested in the announcement that the city will soon take up preliminaries in connection with the Sycamore Canyon Drive which is also to be a diverting outlet for storm waters with a central portion reserved for tracks of the P. E. which agreed to put in an extension or loop which would run south from the original Glendale city limits at Adams street and cut diagonally across the southern part of the city joining the main track at Cypress and Brand boulevard.

It would help immensely in the development of the eastern section of the city, would open up and render available attractive residence sites and also make a large territory tributary to the present established business districts.

When interviewed in regard to the matter city officials stated that while no action had yet been taken in regard to the extension of the Sycamore Canyon boulevard to complete the loop, the Board was ready to consider it if property owners in that part of the city were sufficiently interested to petition them to act in the matter, because a P. E. extension of the sort proposed would be one of the greatest developing agents the city could have.

MOTOR COLLISION

The dull monotony of records at police headquarters in the good town of Glendale was relieved in some degree Thursday by a motor collision which took place at Los Feliz boulevard and Central avenue when a Ford, owned and driven by D. P. McIlvor, of 525 Riverdale Drive, was run into by B. F. Leslie of Pioneer Drive. The Ford, it is said, had the right of way and was struck in a kind of "side swipe," to quote the records. Except for the loss of some rubber on a tire it was not damaged. Leslie suffered the blow-out of a rear tire and a bent axle, but was not hurt.

DISTRICT CONFERENCE

A goodly company of matrons representing Parent-Teacher organizations in this city attended the district conference held Thursday in Los Angeles from 10 to 4; for which an excellent program was provided. The Superintendent of Schools at Venice gave a fine talk on "Americanization" and the chairman of the Department of Legislation presented a summary of pending state bill and federal bills of interest to educators. Dr. Kenzott, of the University of Southern California, spoke in the afternoon on Social Service, making a very fine talk. The conference was very well attended and Glendale was represented by Mesdames Hartley Shaw, Fred Myton, Lydia Kulp, Minnie Sherman, H. V. Henry, R. T. Burr, Florence Kurtz, Laura Sampson, A. A. Barton and W. L. Andrews. The ladies report that they came home with many good ideas and considered the day a very profitable one.

RAINFALL .94

H. E. Bartlett reports with great satisfaction that his rain gauge recorded as the precipitation for Thursday night .94 of an inch up to 7 a. m. which with the previous rainfall made a total for the season of 8.40 inches as compared with .62 of an inch last year at this time. While the record so far is vastly ahead of 1918 there had been quite a long interval since the last good rain fell and grain crops were beginning to suffer. This excellent downpour will make good deficiencies and insure fine crop conditions. Mr. Bartlett says, and also do away with necessity for irrigating citrus orchards, a thing fruit growers hate to do in the winter season.

DR. WILLISFORD HOME

Rev. E. H. Willisford, pastor of the First Congregational Church of this city, who arrived at Claremont from Y. M. C. A. overseas work about two weeks ago, is to be the speaker at a banquet to be given this evening at the First Congregational Church in Los Angeles, at which the pastor of the church, Dr. Patton, will also be a speaker. About a dozen representatives of the Glendale Congregational Church will be guests and they will act as an escort to Dr. Willisford and his wife who will come to Glendale following the banquet. Dr. Willisford will occupy his pulpit for the first time since his return next Sunday.

GOOD GRIST OF FINES

SPEED VIOLATORS ARE GOOD LOSERS AND PAY WITHOUT A MURMUR

Judge Lowe of the City Recorder's Court has had a busy week and is not through yet. Wednesday thirteen speed violating cases came before him and two were reset. Four or five more are set for today. The judge states that in all the cases heard to date this week, the offenders pleaded guilty and were good losers. They admitted they had knowingly violated the law and paid their fines without a murmur. They ranged from \$5 to \$25 each. It seemed evident from testimony that they had been tempted by the knowledge that Glendale was for a time without a motor cop, and took a chance on a condition they supposed still existed.

When asked what becomes of these fines the judge stated that they are going to the City Treasury under the sections of the code which provide that all fines collected by a municipality or the officers thereof, where the officers are paid a salary, shall be paid into the city treasury and there are decisions sustaining those sections. The California Vehicle Act is in conflict with it, however, as it provides that all such fines collected shall be paid into the County Treasury and that the County Supervisors, at their convenience, shall send the money back to the municipalities in amounts proportioned to their population, the supervisors to stipulate the purpose for which it shall be used. The judge states that a fight is on in the courts now to test the validity of that act which assumes to give to the county supervisors jurisdiction over municipalities in the spending of their own funds.

The judge states that the morals of the city are excellent and that juvenile offenders show great improvement.

G. G. D. ASSO. MEETING

The mass meeting which had been tentatively announced for next Tuesday evening by the Greater Glendale Development Association to hear reports from Assemblyman John Robt. White on the political situation at Sacramento and pending bills, and from City Attorney Evans on his trip to San Francisco and the present status of the telephone toll controversy, has been postponed for one week. The association will convene as usual next Tuesday evening at the Victor Hotel at 7:30 when an adjournment will probably be taken that members may attend the mass meeting to be held at the First Methodist Church to be addressed by Captain Richmond P. Hobson.

CHRISTIAN ENDEAVOR CONFERENCES

Young people of the Presbyterian, Congregational and Lutheran and Christian Churches of the city are greatly interested in a series of Christian Endeavor conferences. Saturday evening a big Christian Endeavor banquet will be held at Occidental College in the S. A. T. C. mess hall which will be attended by quite a delegation from this city. There will also be a sunrise prayer meeting Sunday. The balance of the services will be held at the First Presbyterian Church of Glendale Sunday afternoon and evening.

APPRECIATIVE OF CORRESPONDENCE WORK

Miss Carol Duncan, teacher in the Intermediate School, is quite enthusiastic over the home correspondence work done by pupils during the period that the school was closed. While a few soldiered on the job, the majority were conscientious about it and she was surprised at the initiative shown in the papers which fell under her observation. As an instance she cited a lesson in medieval history dealing with feudal castles and in connection with which she asked pupils to furnish an illustration of a castle. Almost without exception the papers bore a picture of a castle gleaned from the pages of a magazine, or in some instances drawn by the student, which showed interest and intelligent understanding. She expresses the belief that the concentration on essentials which is to be the school policy the balance of the year, will enable pupils to cover their course and make their grades in spite of the closing of the schools. She also thinks the work at home has been of great value to the boys and girls who did it and she is most appreciative of the help which they received from parents.

WEATHER FORECAST: Showers tonight and Saturday.

PERPETUAL LICENSE NUMBERS WOULD STOP THEFTS

A license number on a motor car serves several purposes, but it is not put to its greatest use and will not be until it becomes perpetual and is made as much a part of the car as is the engine or the rear axle. So much is heard about prevention of car thefts that it is peculiar some action has not been taken to make the license number put fear into the heart of the car thief by making the license plate perpetual and one number serving one car, and one car only, during the life of a car.

Some of the advantages of a perpetual number plate are these: It would prevent the changing of license numbers because there would be no necessity for change except when a license plate was lost, and then the applicant would have to prove ownership before he could get a duplicate. A new car would be given a number and would carry it indefinitely. If some color identification for the year was thought advisable, then a small tag that would carry the year and state abbreviation could be turned over to the car owner each year when he paid his license fee, but he would retain the same number.

Absence of a license tag would be reason enough for an officer to demand that the car operator show his ownership. A person could not obtain a license for any but a new car once the plan was put into effect and all cars numbered. He would have to give rather detailed information on his car to get a license and there should be a department in each county seat to handle the licensing of cars.

A car thief would find it impossible to steal a car, secrete it and apply for a new tag, for his only excuse would be that he had lost his tag, and the only number he could get for that car would be a duplicate. An owner losing a car would report the loss of his license number. Any attempt to get a duplicate number would mark the thief.

Each state could effect a material saving in the manufacture or purchase of tags. With the perpetual-number license plate the year and state part of the tag could be turned out very cheaply, as all of these would be alike instead of each tag requiring a different number when manufactured. The license fee could be the same each year and by making the year and state plate of a different color each year check would be easy on those who had and had not paid their tax.

This plan of licensing would make much more simple the mechanics of registration, thereby directing that much more of the license fees to road work. Records would be simpler, and given a car to prove the ownership, as already stated, no tag but a duplicate could retain the car.

CANADIAN LAND PLANS

Canada has beaten the United States to it in developing a plan for lands for returning soldiers. While we have been talking about the problem, Canada has acted.

The soldiers' settlement and the new Canadian land laws will mark a milestone in the history of Canadian development.

The new law means that the landless man is to be given a chance in Canada to own his own farm near town, churches, schools and railways, and that capitalists and companies that have held unsettled land for years will be forced to cultivate it or sell it to men who will cultivate it. Under the new regime, millions of acres of idle land will become productive and Canada will help in the production of the food supply of the world in this critical post-war period.

The Dominion has reserved all its homesteads adjacent to railways for the soldiers. Forty-three per cent of Canada's overseas army, more than 100,000 men, have signified a desire to become farmers. The government already has advanced \$1,300,000 to returned soldiers who own farms to enable them to buy livestock and make improvements.

The government proposes to sell and force under cultivation as quickly as possible all idle land, under a program which will give the settler twenty years in which to pay for a farm, with 10 per cent cash down and interest at 6 per cent. It also will loan \$500 to a settler with which to build a home and \$1,500 for livestock and improvements.

The government will be enabled by the new laws to buy wild lands from private owners and sell it to settlers under the twenty-year plan. This will turn into producing farms much land now held by companies at prices beyond the means of immigrants. The program also will go a long way toward solving the problem of idle farms in the eastern provinces. These farms have been untended since their owners moved west. They have good buildings, fences and improvements, are close to railways and city markets and offer excellent opportunities for dairying, fruit growing and truck gardening. They will be bought and sold on the same general plan, the price of the land to be determined by boards of arbitration.

SELF-DETERMINATION NEXT PROBLEM

(Special Service to Glendale Evening News)

Paris, Jan. 31.—It was understood that the peace conference today was considering the next big problem, that of self-determination for small nations. It was predicted in some quarters that this question will precipitate even more bitter disagreement than the colonial question. It was authoritatively stated that yesterday's agreement on the colony question does not affect European territory.

TWO ARCADIA FLYERS FALL

(Special Service to Glendale Evening News)

San Jose, Jan. 31.—Lieutenants Williams and Lloyd, flying from the Arcadia Balloon School, fell with their airplane north of San Jose at 8 o'clock this morning and were slightly injured. Their machine was a total wreck.

Personals

G. A. Whitaker, of Maryland avenue, is in Santa Barbara on a business trip.

Mr. Roberts, of Roberts & Echols, is under the weather, and is staying at home for a day or two.

Mrs. L. C. Olivas of 328 Windsor Road has returned from a delightful visit with friends at Long Beach.

Mrs. Lee Kaster of 336 West Windsor Road is having the great pleasure of entertaining her sister, Miss Lola Arnold, of Louisville, Ky.

Messrs. Fed Farmer, J. T. Beach, McKinzie and Phillips were entertained last night at the C. J. Orr home. These young men were recently discharged from the United States army.

Dr. A. O. Conrad is at home recuperating from a slight break-down caused by over-work as the influenza and other ailments have kept him going day and night. His office is being looked after by his attendant nurse.

Miss Lois Duncan and her chum and fellow teacher, Miss Jean Pickrel, came over from Brea Thursday evening to enjoy a dinner in the Duncan home in celebration of her birthday. The young ladies had to make an early start Friday morning to get back to their school.

The quarantine on the home of Olin Spencer of West Broadway imposed on account of the illness of his daughter, Mrs. Witmyer, of influenza, has been lifted and the invalid is about restored to health. She expects Lieut. Witmyer home about the middle of February.

Mrs. Mary Rhea of South Maryland avenue, is motoring today to Rockwell Aviation Field, San Diego, with Mr. and Mrs. Huffman of Arizona, who have been visiting friends in and around the city. From San Diego they will go south to Yuma, Ariz., accompanied by Mrs. Rhea who expects to be gone about ten days.

Mr. Lobdell of Oak Drive, who recently went to Sacramento for some employment in connection with the legislature, was attacked by influenza while there and so seriously ill that for a time his life was despaired of. He is now in Glendale and is getting well fast. He says there is no place like home.

Robert Horn of 316 Oak Drive, who enlisted in the army and who has been in service at Sheridan, Alabama, got home Tuesday night. After the bustle of the camp and companionship of the men of his company it seems pretty quiet and lonesome at home, but he plans to soon get busy and forget it.

Mr. and Mrs. W. H. Hillman of West Acacia avenue motored to Santa Barbara Tuesday, making several stops in Ventura county. It was a business trip for Mr. Hillman and during the absence of their parents the Hillman children were guests in the home of their grand-father, Dr. A. M. Duncan, on San Fernando Road.

Mr. and Mrs. Charles Wallace Kimberly, of San Fernando Road, are leaving Monday for Rochester, Minn., where Mr. Kimberly expects to take a course of treatment. They plan to spend about six weeks in Rochester and will then visit relatives and friends in Iowa, Arkansas and Colorado, returning to Glendale in about four months.

G. H. Rowe of Orange street has just received the sad news of the death of an older brother, Rev. W. H. Rowe, who has been in Y. M. C. A. service in France for several months. He died of pneumonia January 20th at Camp Hospital 65. He was one of six brothers and his death is the first break in their ranks. He was a Congregationalist minister and previous to his entry into this overseas work had been pastor of a church at Citronelle, Ala. He leaves a wife and three children.

Ed White, son of Mr. and Mrs. Charles White of Central avenue, a member of the 143d Field Artillery, got home Friday, wearing a six-months' service stripe on his sleeve. He looks fine and says he would have gotten into action but for the influenza which developed in their company and caused them to be quarantined just as they were about to be moved up. He is very enthusiastic over his service and says he would not take anything for his army experience or his trip over.

NEEDLEWOMEN, TAKE NOTICE!

Mrs. Jodon, Chairman of the Sewing Department of the Glendale Red Cross Chapter, requests all members who have consignments of the four-year-old dresses or boys' suits, to bring them to headquarters whether they are finished or not. A shipment is to be made in a few days and it is desirable that these be included. The finishing stitches can be taken at the workroom, she says.

STATE NEWS

SACRAMENTO, Cal., Jan. 31.—The State Council of Defense terminates its existence today. The "men behind the men behind the guns" announced their going out of business on December 12th, last, following a conference between Governor Stephens and C. C. Moore, director of the state council. The action was taken at the conclusion of the signing of the armistice when the council realized, according to its members, that it was a peace non-essential. Also, it has been pointed out, the disorganizing of the council would squelch charges that it was going to be a political machine. However, a new organization is going to step into the shoes of the Defense Council and carry on where the latter left off. "In accordance with our plans," explained Edward Parker, secretary to C. C. Moore, "we will go out of business today. But there will be some other organization formed immediately to continue the work of the council. "We know nothing of the place of the new organization or who will be the organizers. That is up to Governor Stephens." "The placement bureau must secure jobs for returning soldiers," Parker added. Besides, there must be some central organization to keep the several hundred community councils organized shortly.

SAN FRANCISCO.—In his fourth fight this month, Benny Leonard, lightweight champion, will swap punches with Joe Benjamin here tonight. There is no doubt as to Leonard easily annexing the four rounds, as it is agreed that Benjamin wouldn't have a chance, even with the combined aid of a horse-shoe in his glove and a rabbit's foot.

FOR SALE

Four-room house, bath, electric lights, gas, all kinds of fruit; price \$1800.
 Five-room house, lot 50x182 ft. all kinds of fruit; \$2000.
 Five-room house, lot 50x150 ft., all kinds of fruit; \$2100.

 Choice corner lot, 95x100 ft., \$1600.

H. S. PARKER,
 Office 111 W. Broadway,
 12712 Glendale.

SALE AT AUCTION

The City of Alhambra will sell at public auction at the City Yards, on Saturday, February 1, 1919, at the hour of 10 a. m., the following property:

Four (4) head of horses.
 Two (2) sets of harness.
 Fire Hose, 2 1/2-inch (second-hand).

Old Auto Tires, Scrap Brass, Scrap Iron, Second-Hand Pipe, etc.

The successful bidder will be required to deposit cash or a certified check for twenty-five per cent. (25%) amount of bid.

No sale made by the City Manager shall be valid, or effective, until reported to and approved by the City Commission.

Upon the hearing, if the proceedings were unfair, or the sum bid be disproportionate to the value, the Commission may vacate the sale and direct new notice and a new sale.

If an offer of at least ten (10) per cent. more be made to the Commission by a responsible person, it is in the discretion of the Commission to accept such offer and confirm the sale to such person.

FRANK L. HILTON,
 City Manager.

126t2

HIGH SCHOOL P.-T. A.

There will be a meeting of the High School P.-T. A. in the auditorium of the High School Monday evening at 8 o'clock. The chief speaker will be Marshal Stimson, a well-known orator of Southern California and chairman of the four-minute speakers of the Liberty Loan drives. His theme will be "Reconstruction in Education." There will also be an excellent musical program. Such attractions should draw a large audience. The general public as well as members are invited and urged to be present.

STOCKTON, Cal.—L. F. Kuhn, postmaster at Stockton, tomorrow will be rid of the postmastership, much to his joy. "I have held the office for one term of four years, and that's enough. I want to get out of politics," declared Kuhn today. "I have sent a letter of resignation to Postmaster-General Burleson, asking that my time expire on February 1st." Kuhn plans to go into business, into "something permanent." The postmastership carries a salary of \$3,700 yearly.

ANNOUNCEMENT

On Saturday, February 1st, Miss Edith Lindsay's dancing class will meet at 2 o'clock in the afternoon and all private lessons will be given at the time assigned. During the five weeks of Miss Lindsay's engagement with Mr. D. W. Griffith at

THE HUMPHREY RADIANTFIRE

A glowing mass of incandescent, radiant heat, for instant use in your fireplace. No flame, no smoke, no dirt, no odor.

Southern California Gas Company

Sunset 714. 112 W. Broadway

Clune's Auditorium, which has just closed, this class was held on Saturday mornings at 10:30. Miss Lindsay wishes, at this opportunity, to thank all pupils and their parents, for the hearty co-operation during this time, appearing as she did, both afternoon and evening of each day. It was necessary to make numerous changes in regard to hours for private lessons. The graciousness of the pupils was very comforting. The annual recital of this school is being planned for May, and considerable work will be done from now on, that is, special work, which, although planned and started, takes time to execute. A big surprise is promised for this occasion. All pupils entering now will be eligible. Miss Lindsay's pupils have been in demand this winter—aside from having supplied dancers for the "Prologue" to "The Greatest Thing in Life," many of the children assisted Miss Mary Pickford in making "Daddy Long Legs." It was the first experience in that line of work for some of them and they were delighted to be with Miss Pickford. All lessons will be given as usual at K. of P. Hall, Brand Blvd. and Park Ave.

ance. Come to the H. L. Miller Co.,
109 S. Brand blvd. Both phones. 50tf**TRACTOR SHORT COURSE**Registration for the Short Course
on Tractors to be held at the Citrus
Experiment Station, Riverside, Cali-
fornia, Feb. 24th to March 1st, are
coming in rapidly. Applications are
being received from all of the South-
ern Counties of the State and as far
north as San Francisco and Oakland.
The interest taken in this course
would seem to indicate that the ap-
plications for enrollment will exceed
the number that can be accommodat-
ed. This was the case last year
when the enrollment for the course
was 207 while fully forty applicants
had to be turned away as they could
not be accommodated. For this reason,
applications for enrollment are
filled in order of receipt, when ac-
companied by the registration fee of
\$1.00.
Arrangements have been made forthe following makes of tractors:
Best, Cleveland, Fordson, Moline,
Samson, Sandusky and Yuba. These
machines will be available for dem-
onstrations and practice work, while
various parts and models will be used
in the class room demonstrations.
Class room work, for example, will
be given on valve grinding, adjust-
ment of carburetors, timing of igni-
tion systems, babbitting and adjust-
ment of bearings, while lectures will
be given on all phases of traction en-
gineering. This course is a practi-
cal one and will be of benefit to trac-
tor operators and owners alike, and
many owners employing tractor op-
erators are taking out enrollments
for their operators.Application blanks and general in-
formation may be had by writing the
Dean, Citrus Experiment Station,
Riverside.**CITY TRUSTEES.**(Continued from Page 1)
far as any expense to the City is con-
cerned, be discontinued.The City Manager reported upon
the necessity of making certain ser-
vice connections on Broadway before
the improvement of that thorough-
fare is made, and on motion of Trust-
ee Shaw it was ordered that the ser-
vice connections required on Broad-
way between Glendale Ave. and Ver-
dugo Road be installed before the
street improvement is completed.On motion of Trustee Muhleman it
was ordered that warrant No. 7810
in favor of Parker & Stone for \$23.25
be canceled, the same being a dupli-
cate.At this time the canvassing of the
votes cast at the annexation election
in the Grand Avenue District on Jan-
uary 20, 1919, was taken up. The
Chairman appointed Trustee Shaw
clerk, and Trustees Henry and Muhle-
man, tellers, to canvass the vote.
The committee having canvassed the
vote made its report, which was em-
bodied in a Resolution offered by
Trustee Shaw and adopted as Reso-
lution No. 1063 "A Resolution of the
Board of Trustees declaring the re-
sult of the special election held in
Grand Avenue District on January
20, 1919." This report showed that
at the above election the total num-
ber of votes cast was 55, 31 cast in
favor of the annexation and 24
against the annexation. The Reso-
lution was adopted.Trustees Henry offered an Ordinance
approving the annexation of
the Grand Avenue District to the City
of Glendale, which was read and laid
over for one week.The City Attorney submitted an
oral report on his trip to San Fran-
cisco in connection with the tele-
phone rate case and his appearance
at a hearing before the Railroad
Commission in that matter. He stated
that before reaching San Francisco
the Commission had issued an order
inhibiting the proposed increas-
ed charge for telephone tollage and
the attorney for the telephone com-
pany had notified him that the com-
pany would abide by the order of
the Commission for the present. The
company claims, however, that the
Postmaster General has jurisdiction
in the case, but it would make no at-
tempt at this time to question the ac-
tion of the Railroad Commission;
the consequence being that the pro-
posed increased rate will not become
effective on February 1, 1919. The
order of the Commission states that
pending further investigation, no in-
crease in tollage shall be put into
effect. One official of the telephone
company had expressed to the City
Attorney his opinion that no change
would be made in the rates until the
question of jurisdiction is satisfac-
torily settled.The Finance Committee reported
its approval of the recommendations
of the City Manager in regard to the
transfers of the Budget Allowances,
and on motion of Trustee Shaw said
transfers were ordered to be made.Trustee Shaw offered the following
Resolution: "That Mrs. Florence
Van Epps be employed to act as
Clerk in the office of the Health Of-
ficer for the remainder of the present
fiscal year, her compensation there-
for to be \$75.00, payable at once,"
which was seconded by Trustee Hen-
ry and adopted.The City Clerk reported that the
committee consisting of the Presi-
dent of the Board, the City Treas-
urer, and the City Clerk, provided
for by law to fix the rate of interest
which the City shall receive on its
average daily balances in the bank,
adopted 2% as the minimum,
with instructions to secure more if
possible.A motion of Trustee Henry was
adopted that when the Board ad-
journ, it be to meet on Saturday,
February 1, 1919, at 8:00 o'clock
a. m.**LA CANADA**The regular meeting of the Ladies'
Aid will be held at the Congregation-
al Church next Wednesday.Meetings of the Red Cross have
been postponed indefinitely.Mr. and Mrs. L. A. Dutour, with
their house guest, Mrs. Dutour's sis-
ter, have returned from a motor trip
to see old friends at Three Rivers in
Tulare county. They were absent
about a week and made a fine run
with their Ford car on the return,
leaving Three Rivers at 9 a. m. and
reaching their La Canada home at 9
p. m., covering the 240 miles in 12
hours.Miss Katherine Green, sister of
Max Green, who took a civil service
examination some time ago, has been
notified of her appointment to a cler-
ical position in Washington, D. C.,
and will leave very soon for the na-
tional capital.Mr. White, of the Packer & White
Agency, reports that the grape prun-
ing demonstration made by Prof. F.
I. Bioletti January 25th on his ranch
was a great success. As La Canada
has a great reputation for fine To-
kays, the matter was of considera-
ble local interest to vineyardists.
There was an excellent attendance
and the professor's talk and work
were closely followed. It did not
differ materially from the general
practice in this locality but he made
it clear that the pruning should be
regulated more or less by the special
conditions. Where the soil is heavy
and water is abundant, he recom-
mended heavy pruning.**Basket Grocery**
